“ Becky, I'm thinking and praying for you. I can understand how you feel. I lost my dad in 2015 and it's a bitter pill to swallow. I take comfort in knowing that he's not in pain anymore and he's with all of our other family members rejoicing in Heaven. Know that we will see him again soon.

“ Becky, just wanted you to know I am thinking of you and your family during this time of losing your dad. I watched my children go through the same thing in 2018 and they were in their late 20s. All of the times I met him, he was full of laughter and so I know your heart is broken, but know he will always be there watching over you and your healing will come with time. Sherry Hamilton

“ Tony and I had classes together in high school. We always would try to outdo the other constructing model cars. He and I worked on bicycles and would often visit each other. After retiring from the Army Tony and I made contact again and made several trips to the Pickens Firing range. He introduced me to his pellet gun and both of us were committed Gamecocks fans. I haven't heard from him since he left the hospital and sent him a message on Facebook messengers last night. I am saddened to hear of his passing. He has been in my prayers since he told me he had cancer. I'm at a loss for words he will be missed. My condolences go out to the family.
