“ *Linda was a first cousin. Growing up Linda was five years older than me, that's not much unless you are a kid. Linda and Albert were married very young...I remember Linda read all the time. She would let dishes pile up to read. I baby set for Bobby and JR. As you grow apart, with school, marriages, etc., life gets in the way of being close, however, the blood is there and you always love each other. Linda was so sweet...*
