“ I grew up with Linda Gail, she wasn't just my cousin she was my best friend. We were several years apart in age and she grew up before I did. Life took us in different directions and we lost touch over the years. I have so many memories of Linda Gail but one of my fondest is that she got in touch when I was around nineteen and wanted me to go with her to the big celebrity softball game. It was a fantastic experience and although I was nineteen, I was still living at home with my parents and they were strict on me. By the time she got me home my parents were fit to be tied, they thought we were out scooter pootin lol, we got the biggest kick out of that. I regret the lost years with her, she was a beautiful soul and I will always carry my love and memories of her. Michael, Aunt Doris, David, and all other family and loved ones, my thoughts and prayers are with you.
